A **mammal** is a type of animal.

Baby mammals grow in their mother's **womb**.

Mammals are **born live**.
They do not hatch from eggs.

Baby mammals drink **milk**
from their mother.

Baby mammals need help.
They need their mother.

Mammals have teeth.
They use them to eat.

Mammals grow **hair**. It is their fur.

Mammals are **warm blooded**. The inside of their body stays the same temperature.

Some **animals** are mammals.
Some animals are not mammals.
